

Dues Exempt/Hardship Status

Members experiencing permanent or temporary financial difficulties may request dues exempt or hardship status in accordance with the provisions of the Delaware Psychological Association Constitution. Members must submit their request in writing to the Membership Committee. Neither the application for dues exempt or reduced dues status shall need to be taken before the Executive Council. The decision and the amount and period of any reduced dues shall be made by the next committee meeting and communicated only to the requesting member by a sub-committee consisting of the Chairperson of the Membership Committee, the Treasurer and the President. Once a decision has been made, the membership chair will communicate a written response.
